SKILL TO BOOST INNOVATION & PROFESSIONAL FULFILLMENT IN A SUSTAINABLE ECONOMY

 **Funded by the European Union**
HORIZON-G A n. 101075587

TRAINING OF THE TRAINERS FOR PHOTOVOLTAIC PANELS

6TH DECEMBER 2024 11:00 - 13:00

1 BACKGROUND

This Training of the Trainers for PHOTOVOLTAIC PANELS courses is part of SKILL BILL, a ground-breaking project funded by the European Union to promote skill, reskill and upskill the workforce. Participants will receive theoretical knowledge and first-hand experience on how to use training materials and a Mobile simulator to transfer technical skills to PV technicians. This course is the second step in fulfilling SKILL BILL's pledge to provide quality and inclusive access to RES technology-related skills to the workforce of today and tomorrow.

2 EFFORT AND TIMING

The trainer training programme takes place in a two-hour synchronous session offered online. Through a live session in the **6th of December 2024**.

3 Support and resources

Your point of reference will be **Sinergie soc.cons. a r.l.**, You can contact us at innovazione@sinergie-italia.com. All the resources and materials of the course will be made available digitally.

4 Costs
